Part V: Conclusions

1. International Handbook of Strategic Environmental Assessment - Introduction (Thomas B Fischer and Ainhoa González)

Part II: Approaches to Strategic Environmental Assessment

2. Multi-project Strategic Environmental Assessment – Practice in Germany (Anke Rehhausen, Marie Hanusch and Thomas B Fischer)
3. Objectives for, of and in Strategic Environmental Assessment – UK Practice as an Example (Samuel J Hayes and Thomas B Fischer)
4. Strategic Thinking for Sustainability (ST4S) in Strategic Environmental Assessment (Maria Partidário)
5. Territorial Impact Assessment – a Policy Assessment-like Strategic Environmental Assessment in Action (Naja Marot, Thomas B Fischer, Olivier Sykes, Mojca Golobič, Tara Muthoora and Ainhoa González)
6. GIS Based Strategic Environmental Assessment (Ainhoa González and Davide Geneletti)

Part III: Issues of Effectiveness

7. Strategic Environmental Assessment Effectiveness (Riki Thérivel and Ainhoa González)
9. Guidelines for Strategic Environmental Assessment in Developing Countries – Examples from Asia (David Annandale, Marcelo Montaño, Thomas B Fischer, Caroline Purcell, Jonathan Coles and Thiri Aung)

Part IV: Practice

- Sectoral Applications
  10. Strategic Environmental Assessment of Spatial Land-use Plans (Ainhoa González)
  11. Strategic Environmental Assessment in Transport Planning (Charlotta Faith-Ell and Thomas B Fischer)
  12. Strategic Environmental Assessment in the Energy Sector (Gesa Geißler, Marie Dahmen and Johann Köppel)
  13. Strategic Environmental Assessment in the Water Sector (Stephen Eric Mustow)
- Integration Through Strategic Environmental Assessment
  14. Integration Through Strategic Environmental Assessment – the Case of Health in English Strategic Planning (Thomas B Fischer, Tara Muthoora and Nicola Sworowski)
  15. Integrating Appropriate Assessment and Strategic Environmental Assessment (Paul Scott)
  16. Integration of Climatic Factors into Strategic Environmental Assessment (Cian O’Mahony)
  17. Ecosystem Services in Strategic Environmental Assessment - an Integrating Concept in a World of Silos (Roel Slootweg)
- Country Specific Applications of Strategic Environmental Assessment
  18. Strategic Environmental Assessment in Australia (Tanya Burdett and Carolyn Cameron)
  19. Strategic Environmental Assessment in Canada (Bram Noble)
  20. Towards Advancing Strategic Environmental Assessment Practice - Learning from Experiences of Eight European Countries (Sara Koshkar, Berit Balfors, Kedar Uttam, Christina Hörnberg and Thomas B Fischer)
  21. Strategic Environmental Assessment in New Zealand (Richard Morgan and Nick Taylor)
  22. Strategic Environmental Assessment in South Africa – ‘A Road Not Taken’ (Francois Retief, Carli Steenkamp and Reece Alberts)
  23. Strategic Environmental Assessment in Brazil – an Endangered Species? (Marcelo Montaño, Ghislain M Tshibangu, and Anne C Malvestio)
  24. Strategic Environmental Assessment in Chile – an Unfulfilled Strategic Promise (Rodrigo Jiliberto)
  25. Strategic Environmental Assessment in India: Trends and Prospects (Urmila Jha-Thakur and Asha Rajvanshi)
  26. Addressing the Spectrum of Strategic Environmental Assessment Potential: Evolving Practice in Thailand and Its Effectiveness (Chaunjit Chanchitpritcha, Kanokporn Swanggang and Angus Morrison-Saunders)

Part V: Conclusions

27. Conclusions - Towards a Theory of Strategic Environmental Assessment? (Thomas B Fischer and Ainhoa González)
